

Coffee Lands Collection RA Gift Pack (Rainforest Alliance Certified)

Our Rainforest Alliance Coffee Lands Collection includes three (3) 4 oz. sample bags of our favorite certified organic, small-batch roasted, Rainforest Alliance™ whole bean coffees.

Each 4 oz. pack makes approximately 16-20 cups (two pots) of fresh-brewed coffee.

Rainforest Alliance™ certification ensures that coffee farmers are committed to conservation and responsible land management, practices that help preserve fragile environments. Certification also guarantees that these farmers are paid fairly, and that profits from their harvests are invested back into their own communities to build schools, clinics and other projects that increase standards of living ensuring a brighter future for farm families.

Included in our 3-pack gift collection are:

- 4 oz. whole bean organic El Salvador “Made in the Shade” Rainforest Roast – The 100% shade-grown, high-altitude Bourbon coffee used to create our Made in the Shade Rainforest Roast is produced by El Salvador’s Batres family on their Rainforest Alliance Certified™, eco-friendly Finca Monterey plantation perched at the edge of Bosque El Imposible National Park, one of Central America’s most important natural areas and one of the few remaining natural forests in El Salvador.

Red volcanic soils and a near-perfect climate produce ideal growing conditions for this outstanding heirloom variety. Our small-batch, artisanal approach to roasting brings out the coffee’s natural sweetness and produces a smooth, full-flavored cup that sings of berries, bittersweet dark chocolate and hints of cinnamon.

- 4 oz. whole bean organic Colombia Reserva Especial – this exceptional coffee from Colombia’s famed Bucaramanga region. Our Colombia Reserva Especial from the historic Mesa de los Santos Estate is harvested from heirloom varietal Bourbon plants, originally planted on the estate by Telmo J. Diaz (1840-1932). Don Telmo founded the Mesa de los Santos estate, where he pioneered organic farming methods. Following the tradition of four generations of coffee-growers, this 100% shade-grown coffee is sustainably grown, Bird Friendly™ and Rainforest Alliance Certified™.

The attention to detail and the care that goes into producing this outstanding coffee, coupled with the region's near-perfect climate and ideal growing conditions, produces a coffee of exceptional quality.

Our small-batch, artisanal approach to roasting brings out delicate notes of roasted nuts, cinnamon and a hint of chocolate, producing a smooth, fragrant, full-flavored cup that sweetens as it cools.

• 4 oz. whole bean organic Natural Ethiopian "Korate" – This wildly aromatic, 100% organic, Fair Trade Certified™ coffee from Ethiopia's Yirgacheffe Coffee Farmers Cooperative Union (YCFCU) reveals a delicate, berry-filled brightness and kiss of citrus.

It's a coffee filled with pleasant surprises, ideal for special occasions or treating yourself, family and friends with something out of the ordinary.

Family farmers belonging to 23 local cooperatives that make up the YCFCU in Southern Ethiopia's mountain forests, produce this ancient varietal coffee in their backyard gardens, planting a few trees among their food crops. This traditional varietal coffee known only as "Yirgacheffe," has been passed from farmer to farmer for hundreds of years. Yirgacheffe coffee is unique to the region and, since each farmer plants a crop with his own seed, coffee from each community has over generations developed different characteristics.

Putumayo World Music's Music from the Coffee Lands CD – A collection of 13 uplifting musical selections from the world's coffee-producing countries of Mexico, Central and South America, Africa, Asia, the Pacific and the Caribbean – countries that just happen to also produce some of the planet's best music. Grab a cup of coffee, sit back, relax and enjoy this beautiful collection of world music from the Coffee Lands.
